DISPATCH

Chief, Western Hemisphere Division

Forwarded herewith is the breakdown of the new electoral inscriptions totaling 419,433. As pointed out in Reference, 80,000 of this total are transfers, rather than new inscriptions per se. The overall total of 3,560,000 persons eligible to vote in the September election as reported in Reference does not reflect deletions due to death or other causes. The overall total is therefore somewhat lower, but probably close to 3,500,000.
